Call For Support

Uniquely Knitted has become the place to process Infertility

Over the past 3 years Uniquely Knitted has grown from an idea to a national organization serving thousands of people throughout the United States and the world.

Through our Unique Process Groups we have been able to create a place of, healing, growth, and community for anyone who has experienced infertility.

We have been so encouraged by the the communities response to Uniquely Knitted we are dreaming big for the future.

Here is what's next.

“Participating in Uniquely Knitted’s program was life changing for me. It has helped me come to terms with my infertility.”

Reaching thousands of people who are Stuck

Many people report infertility as the worst thing that has ever happened to them. Yet despite the obvious pain and torment infertility can bring into someones life, few people reach out for support. Many people are unaware of support, or may feel self-conscious about reaching out and talking to someone.

These people are at risk of further pain and isolation.

Infertility has become a wall, blocking them from community & healing.

They are stuck at their at their Doctors office or Fertility Clinic without any support.

Reaching the Stuck Getting the Processing to the People

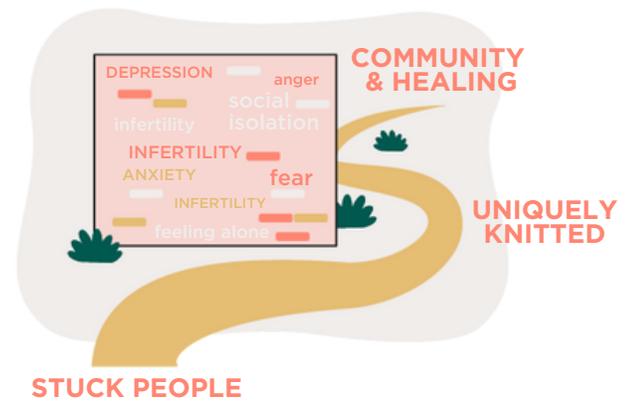

Uniquely Knitted truly believes that all people should have access to a safe community designed to help heal the traumas of infertility while providing a tangible path towards community and healing.

Our vision this year

is to work towards becoming the provider of choice for processing the emotional pains of infertility. Working alongside **hospitals and clinics to create a clear path for support.**

Helping people move from being stuck, to community and resilience. Meeting people where they are at and walking with them to healing and health.

Our unique partnerships are geared towards OBGYNs, infertility clinics, and fertility service providers as a resource for patients to build resilience and find community. These partnerships are greatly desired by clinics and the need is HUGE.

Uniquely Knitted is on it! Will you consider supporting?

As we grow to serve more people, we need your support. Uniquely Knitted is on track to serve hundreds of individuals and couples this year but with your support we can serve thousands.

When you donate, monthly, or one time, your money goes to run more process groups for people who are experiencing infertility. That means with each donation more people are finding community and healing, more people are moving out of isolation.
